

# UNIT 2

## ANSWERS FOR THE UNIT 2\

PAGE 14

a) 1A

- 1 its F

- 2 it's a

- 3 its b

- 4 its e

- 5 its d

- 6 its c

b) 1B

-For me its better to communicate in like a conference, because in my opinion its better seeing and talking instead of only just reading, that way if I have any questions I can do it whilst in the conference.

c) 1C

1. Because that way they can talk about what they are working on or ask questions to help them with their research.
2. Because this way like I said before they can help each other if they don't know something
3. With people in other fields of science its good to stay in contact with them because you might need their help with a specific part of your research.

PAGE 15

d) 2A

- between 6 and 2
- between 3 or 6
- between 4 or 6
- only 2
- only 4

e) 3B

- Features 5,6,7, and 8 are good for formal scientific research papers
- 1,2,3 and 4 are good for personal communication

PAGE 16

f) 4A

- Id usually ask for help maybe for the manager or the person who assigned me to work on what they asked me.
- Yes I have asked before and till this day, my question hasn't been answered.

PAGE 17

g) 6A

1. I cant really say if its likely or unlikely, id say it all the depends and the evidence and research done about Dark Chocolate.
2. Well id say theres a difference because some provide proof that its actually real information and other really don't provide much.
3. Id mainly go with google, and find sites that are trusted enough by the people who have read it.

h) 7a

- 2 or more paragraphs with a brief summary
- No because that just the summary you need to read all the information if you want to do a critical review
- Read the abstract first then note the key words from each section of the paper
- Yes
- Its best if you make your own notes

PAGE 18

i) 7B

Introduction: 4 and 7

Method: 1,5,6

Results: 3
